Rule Change Intent

The 2020 presidential modification to jogging has proven this method of jogging can be executed and in fact it has gotten good feedback. It saves time and is significantly better for the horses' welfare to expedite the jogging process. It also is a great deal more efficient for managers, ring crew and exhibitors and their staffs.

For a number of years, the industry has tried to address the long drawn out process of jogging and the excessive time it takes up in the show schedule. Now that there has been a trial period of an alternate workable method, it is time to make it implementable on a permanent basis. The option to have the traditional jogging method still exists in this language for the more prestigious shows or shows where it would work better with their schedule and methodology to retain the original process.
