Rule Change Intent

The 325 m/m was originally written for ponies. We added Adults and Children as they are the less experienced riders and we felt it might help them. Unfortunately no course designers measure their courses at 325 m/m, in fact most don't realize the rules even exists. More to the point Adults and Children never ride at 325 m/m, and the Pony riders usually ride closer to 400 m/m, with their trainers yelling from the ingate; "Faster, faster." The rule is pointless.
